SATISFACTORY PROSPECTS OF THE

The annual general meeting of the share-holders of the Nile Valley Company, Limited, was held at Winchester House, Old Broad Street, London, on 29th ulbo, Mr. B. J. Prico, M. P. (the chairman of the company), pre-siding.

Mr. Joseph Pausfield (assistant-secretary) read the ocities calling the meeting and the auditions' report. The Chairman: Ladies and gaultemen, perhaps it would be well tor me to deal with the secounts first, as you have just heard med the audition' certificate. This of course, is what is known as a pretty clean doctack, and therefore it is not necessary for me to go largely into the accounts, although, I shall be very glad to answer any questions connected with the subject matter. The only point specially mentioned in the auditors' certificates is the question of depreciation, and we have limit to treat that by making a penial reserve fund for depreciation—for this reason, that he old machinary on the zonice is included in our property account, and it was sequired by the new company from the 'old as part of the purchase they made; therefore, it appears as part of our purchase, or on the old and part of the purchase when made; therefore, it appears as part of our purchase, or on the old and part of the purchase when the old and part of the purchase as an odepreciation which could be written off, because at the date of the second the bar of the purchase of the purchase of the precision in connection with job twee 8th right that a substantial sum should be written of the purchase of the typerficiation of mechanismy included in the property account.

Is the pain there—in the small of the back. I four analy, the line is chased really by the kidneys.

When you think of the great work the kidneys have to do, you will see what a dangerous sign kidney-ache (or, as it is more commonly called, "back-ache") is. The kidneys have to purify the blood—to take out of it the excess uric acid the surplus water, the liquid poisons. But when the body's blood/Blrass become disordered and weak, they cannot cleanse the blood properly any more than a clogged water-files to us parify water. The poisons and surplus water begin to collect in the body, cossand first a backsche perhaps or headache, d zziness, irregular heart's action, sallow complexion, nervousness, irrability, sleeplessness.
